How does Latitude Interest Free work?

Latitude Interest Free credit cards such as Latitude Gem Visa or Latitude GO Mastercard work like normal credit cards but offer the added functionality of Interest Free payment plans.

There are three different types of Latitude Interest Free payment plans:

Minimum Monthly (Interest Free)

Minimum spend applies. Conditions, fees, and charges apply. New customers must apply and be approved for a Latitude Gem Visa credit card. Available on participating Latitude credit cards only (Latitude Gem Visa, Latitude GO Mastercard, Buyer's Edge, CreditLine).

\$2000 TV on a 24 month Minimum Monthly payment plan = customer required to pay a minimum payment each month. Minimum monthly payments must be made until promotional plan is fully paid off. After expiry of the interest free promotional period, interest will be charged on the remaining outstanding balance. Paying only the minimum monthly payment will not pay out the purchase before the end of the plan. At the end of the plan, interest will be charged at 29.99% p.a. (subject to change). Interest may also apply to other credit card transactions if you do not comply with the T&Cs. Customers can make extra payments at any time with no penalties.

Equal Monthly (Instalment Interest Free)

(subject to change) on the remaining outstanding balance. Interest may also apply to other credit card transactions if you do not comply with the T&Cs.
